Church Security

There is a new door system on the office door, people have to be buzzed in; for safety. If you have a key for the church office you will need to come in or call and give the office staff a 4 digit code that you can remember to enter the office, church building keys will still work the same as always. As of this date there has been \$3,375 in giving for the new system, all help is appreciated, please mark your contribution in the memo line for security.

If you are under the weather and would like Pastor Bill or a Deacon or Elder to visit, please contact the church office.
