## Update on Ongoing Church Projects

### \*Security System:

The total cost of the new and updated security and fire system was \$7,702.24, to date there has been \$4,700.00 donated toward this system. The worship committee met last week and gave \$500 from the Memorial Fund toward the new system. Donations are still needed in the amount of \$3,002.24 to offset this expense.

### \*New Video System:

The church has received a bid of \$2,575.47 from Nelson Audio for cameras and other equipment so that we can do a better job of getting our services on FaceBook and we can also use YouTube. The worship committee pledged \$1,500.00 from the Memorial Fund to help with funding this new system. We need donations to further offset this expense. We need to upgrade the area in the back of the sanctuary for the sound and other equipment. If anyone has a harvest or trestle table they would like to donate to be converted and used for this purpose, please contact Margie. The system needs to be manned by more than one person and there is not enough space with the present set up. The laptop that is currently being used may also need to be upgraded for us to send out our message each week.

## Finance Committee Update

The finance committee applied for an SBA Payroll Protection Program loan that was being offered. This program is to ensure that employees would still receive their income during this time of COVID-19. The church was granted \$15,190.00 to go towards payroll, utilizes, insurance and mortgage. This loan will be forgiven if all guidelines are met during the period specified in the loan. We appreciate all of you that have continued with your giving for our regular budget expenses.
